Marmoset's Origami Dollar Flower

THIS DOLLAR BILL FLOWER IS EASY TO MAKE AND LOOKS GREAT! ALL YOU NEED ARE THREE \$1 BILLS AND A TWIST TIE.

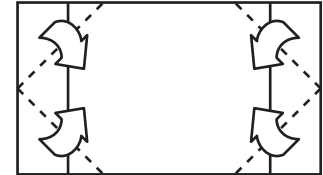

① Place bill face up. Crease the bill into quarters horizontally, and in half vertically.

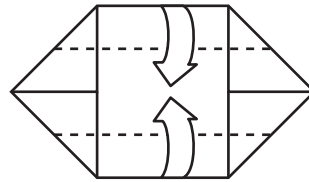

② Fold the right and left edges of the bill to the quarter crease marks.

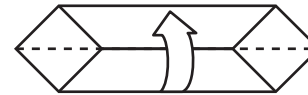

③ Fold the four corners inwards.

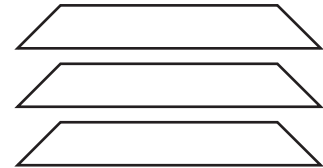

④ Fold the top and bottom edges to the central crease.

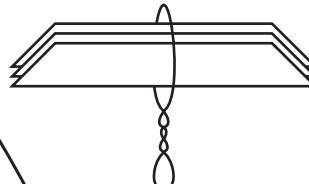

⑤ Fold the bottom up.

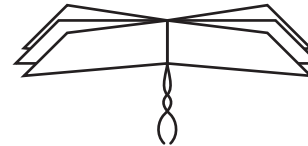

⑥ Make two more of these.

⑦ Stack the three bills side by side and bind them together with a twist tie.

⑧ Evenly distribute the six petals away from one another and flare open.

⑨ Congratulations! You did it!
